- 2.31. The transportation costs within Batumi until 10<sup>th</sup> day after the childbirth
- 2.32 The costs incurred in transporting the couple to the airport on the day of return.

### **3. THE PAYMENT PLAN**

- 3.1 The total cost of the Egg Donation + Surrogacy Package costs **32.000 USD**.
- 3.2 The couple pays **6000 USD** on the day the contract is signed. If the payment will be executed through a bank, the couple will incur any costs associated with the transaction.
- 3.3 If the couple demands the rescission of the contract and the treatment has already begun, the 4000 USD portion of the 6000 USD payment stipulated above will not be repaid.
- 4.4 If the pregnancy test turns out to be positive, the couple makes an additional payment of **8000 USD**.

- 3.5 The couple makes the third payment of **2000 USD** on the 8<sup>th</sup> week of the pregnancy.
- 3.6 The couple makes the fourth payment of **2000 USD** on the 16<sup>th</sup> week of the pregnancy.
- 3.7 The couple makes the fifth payment of **2000 USD** on the 24<sup>th</sup> week of the pregnancy.
- 3.8 The couple makes the sixth payment of **2000 USD** on the 32<sup>th</sup> week of the pregnancy.
- 3.9 The couple makes the seventh and final payment of **10000 USD** on the condition that the baby is alive 10 days after the birth.
- 3.10 At the request of the couple, the results of the pregnancy tests, or the periodical medical briefings on the pregnancy could be sent to the couple through e-mail or fax.
- 3.11 If the pregnancy test turns out to be negative and the transfer of second party embryos are underway (in other words, when the treatment recommences), the couple does not make the payments stipulated in clauses 3.2 and 3.4 a second time. Instead, the couple continues from 3.5 and onward
- 3.12 The previous clause 3.11 also applies in cases where the pregnancy that has resulted from the first party embryo transfer ends in a miscarriage or stillbirth.
